ABSTRACT

Three new standards (telephone mechanic, electroplater, and animal caretaker) for grading jobs under the Federal Wage System are cited. There is an alphabetical listing by job for published job grading standards, an occupational code-structure index for published grading standards, and a list of 61 jobs by published job grading standard with reference to accompanying handbook definitions now covered by published standards. JOB GRADING SYSTEM FOR TRADES AND LABOR OCCUPATIONS

Transmittal Sheet No. 24

May 1973

1. Part II: This issue contains three new standards for grading jobs under the Federal Wage System:

a. WG–2502 *Telephone Mechanic* standard covers jobs now included in the following handbook [1] definitions:

2502 Central Office Telephone Equipment Installing and Repairing Series
2507 Telephone Installing and Repairing Series
2558 Telephone Installing Series (that part which covers installing and repairing telephone systems)
2559 Intercommunication Systems Installing Series (that part which covers installing and repairing telephone systems)

b. WG–3711 *Electroplater* standard covers jobs now included in the following handbook [1] definitions:

3711 Electroplating Series
3717 Anodizing Series
3718 Galvanizing Series (electrolytic work only)
3719 Metal Surface Treating Series
3763 Industrial Electroplating Series
3764 Electroplating Working Series

c. WG–7706 *Animal Caretaker* standard covers jobs now included in the following handbook definitions:

5029 Poultry Research Helping Series
5030 Livestock Research Helping Series

[1] U.S. Civil Service Commission's *Handbook of Blue Collar Occupational Families and Series*, October 1961.

5032 Laboratory Animal Research Helping Series
5037 Swineherding Series
5038 Beefherding Series
5041 Poultry Farming Series
7701 Miscellaneous Animal Caretaking Series
7703 Stable Hand Series
7706 Animal Caretaking Series
7740 Fish Hatchery Working Series
7741 Poundkeeping Series
7742 Weir Working Series

2. Part II: Revised pages 1 and 2 of the Alphabetical Listing for Published Job Grading Standards.

3. Part III: Revised pages 1 and 2 of the Occupational Code-Structure Index for Published Job Grading Standards.

4. Part III: Revised interim instructions to update the list of published standards. Remove pages 3–15 and insert the attached pages 3–15.

ALPHABETICAL LISTING FOR PUBLISHED JOB GRADING STANDARDS

Standards used for jobs in more than one occupation such as Helper, Leader, and Supervisor are filed alphabetically in front of the single-occupation job-grading standards. Standards for single occupations are filed in numerical sequence by occupational code, from the lowest to the highest numbers.

An alphabetical listing of all published standards follows; it should be filed at the beginning of Part II, Job Grading Standards.
